REPORT

ON THE

Administration of Civil Justice in Burma

For the Year 1928.

I.—INTRODUCTION.

1. The year under report has been a year of quiescence and consolidation, and few events of outstanding importance have occurred in the administration of Civil Justice. The cadres of the Judicial Services are gradually improving in knowledge and experience, and the difficulties of making satisfactory appointments, to which reference has been made in the last two annual reports, although they still exist and at times give rise to considerable anxiety, particularly in filling the important appointments of Additional District and Sessions Judge, are gradually disappearing with the efflux of time. By the end of 1930 the Hon'ble Judges should have at their disposal a body of Officers capable of discharging with efficiency the Civil Judicial work of the Province.

2. The main event of the year was perhaps the reorganisation of the process-serving establishment of the Province, the full benefit of which has not yet been felt. With effect from the 1st March 1928, the process-serving establishment was placed on time-scales of pay which represent an advance of nearly 50 per cent. on their previous salaries, and it may now be said that they are reasonably remunerated for the work which they are called upon to do, although, in consequence of the very high cost involved, it was impossible to grant the full increases which were recommended by the witnesses examined in this Province by the Civil Justice Committee of 1924-25. It is generally reported that the result of this reorganisation has already been an improvement in the standard of applicants for employment as process-servers, and a general increase of efficiency in the work of the process-serving establishment. In several districts, where under the old rates it was found impossible to obtain recruits at all and the staff was habitually considerably short of full strength, the difficulty of obtaining recruits has disappeared and all

vacancies have now been filled. At the same time it was recognised that, with the improvement in communications which has taken place generally during recent years, the number of processes which a process-server should ordinarily be expected to serve during the course of a year ought to be revised, and the numbers laid down in the Process-Fees Rules have in consequence been considerably increased. This revision of the rules has necessitated an examination of the establishments of all districts to ascertain whether the number of process-servers allotted to each district is sufficient for requirements, or in excess of requirements. This examination is being undertaken at the present time, and has already resulted in orders being passed for the reduction of the process-serving establishment in several districts. A detailed examination by districts is still in progress.

3. The policy mentioned in last year's report of splitting up combined Township Courts, so that each Judge of a Township Court should have time for the trial of Criminal cases, was continued in the year under report. With the introduction of a new Township of Waw in the Pegu district, the Township Courts of this district were redistributed and increased by one. The Judges of the Subdivisional Courts of Tavoy and Mergui were appointed Additional Judges of their respective District Courts, and the Civil Judicial work formerly performed by the Head-quarters Assistants of these two districts was transferred to them. In order to give some relief to the District and Sessions Judge of Toungoo, who was greatly overworked during the year, the Judge of the Sub-divisional Court of Toungoo and Pyu was appointed Additional Judge of the District Court. Proposals have been submitted to the Local Government for the appointment of an Additional District and Sessions Judge for the Toungoo and Yamèthin districts, an appointment which has been rendered necessary by the great increase of criminal work in the Sessions Court of Toungoo. The appointments of Additional District and Sessions Judge in the Arakan, Myingyan-Pakôkku, and Magwe-Minbu Divisions were continued on a temporary basis during the year. Admittedly, these three appointments will have to be made permanent, but their permanent sanction has been postponed temporarily, pending a decision of the general question of the status of Additional District and Sessions Judges.

II.—THE HIGH COURT.

Imperial Statement No. 25.

4. **Judges and Officers of the High Court.**—During the year 1928 the following were the Judges of the High Court :—

Chief Justice.

The Hon'ble Sir J. G. Rutledge, Kt., K.C., M.A.

The Hon'ble Sir H. S. Pratt, Kt., M.A., I.C.S. (officiating from the 16th April to 9th September).

Judges.

The Hon'ble Sir H. S. Pratt, Kt., M.A., I.C.S.
The Hon'ble Sir B. H. Heald, Kt., V.D., M.A., I.C.S.
The Hon'ble Mr. Justice W. Carr, I.C.S.
The Hon'ble Mr. Justice J. R. E. Cunliffe, *Bar.-at-Law.*
The Hon'ble Mr. Justice P. N. Chari, B.A., B.L.
The Hon'ble Mr. Justice J. R. Das, *Bar.-at-Law.*
The Hon'ble Mr. Justice R. E. Otter, M.C., *Bar.-at-Law.*
The Hon'ble Mr. Justice Maung Ba (4), K.S.M., B.A.
The Hon'ble Mr. Justice Mya Bu, *Bar.-at-Law.*
The Hon'ble Mr. Justice H. A. Brown, B.A., *Bar.-at-Law*, I.C.S.

The Hon'ble Mr. Justice J. M. Baguley, B.A., *Bar.-at-Law*, I.C.S., the Hon'ble Mr. Justice J. P. Doyle, B.A., *Bar.-at-Law*, I.C.S., the Hon'ble Mr. Justice A. J. Darwood, *Bar.-at-Law*, the Hon'ble Mr. Justice H. L. Ormiston, *Bar.-at-Law*, and the Hon'ble Mr. Justice A. G. Mosely, I.C.S., officiated as Judges in leave vacancies.

Sir H. S. Pratt was the Judge at Mandalay, except for the period from 16th April to 9th September, during which he was acting as Chief Justice, and during this period Mr. Justice Mya Bu was the Judge at Mandalay.

The Vacation Judges were Sir H. S. Pratt, Mr. Justice Carr, Mr. Justice Cunliffe, Mr. Justice Das, and Mr. Justice Maung Ba. Mr. Justice Mya Bu was on duty for a portion of the Vacation, during the absence of Mr. Justice Das.

Mr. H. F. Dunkley, M.A., I.C.S., *Bar.-at-Law*, was Registrar throughout the year.

During the year the sanction of the Secretary of State in Council was received to the appointment of an additional Deputy Registrar, to be in charge of the General Department of the Court, in place of the existing Assistant Registrar of the General Department, and to the appointment of an Indian Civil Service Officer under judicial training to this post, so as to leave the Registrar more time to take up judicial duties, and Mr. Pakenham-Walsh, M.A., I.C.S., took over charge of the new appointment on the 19th March. This measure completed the original proposals for the appointment of a judicial Officer as Registrar of the Court.

Benches at Mandalay were formed on four occasions during the year. Sir H. S. Pratt and Mr. Justice Carr sat as a Bench for three weeks in January, Mr. Justice Mya Bu and Mr. Justice Darwood for three weeks in May, Mr. Justice Mya Bu and Mr. Justice Baguley for a fortnight in August, and Sir H. S. Pratt and Mr. Justice Otter for a month in December. On all four occasions the Benches sat until the Bench cases ripe for hearing were disposed of, and at the end of the year only 11 Bench appeals were pending at Mandalay, and none of these were yet ripe for hearing.

Imperial Statements Nos. 27, 28 and 29 and Provincial Statement A.

5. **Original Side.**—Six hundred and fifty-six Civil Regular Suits were filed on the Original Side of the High Court in 1928, as compared with 631 in 1927 and 608 in 1926. Fifteen further suits were received by transfer from other Courts. The aggregate value of the suits instituted was Rs. 76,34,304, as compared with Rs. 60,99,959 in 1927 and Rs. 1,64,41,032 in 1926. The increase in the value of suits instituted during 1928 over the figures of 1927 is said to be due to the institution of 19 suits of over Rs. 50,000 in value each, and this increase in suits of a high value is stated to have been due to the institution of suits for the recovery of loans following on the depression in the Rangoon rice market.

The number of suits disposed of during the year was 837, as against 552 in 1927 and 713 in 1926. Of the suits disposed of, 246 were contested, and the results obtained during the year can be contemplated with considerable satisfaction. These results have been obtained by keeping three Judges sitting continuously on the Original Side, with the exception of three months from the middle of April to the middle of July. The number of suits pending at the close of the year was 388, as against 542 in 1927 and 488 in 1926. The pending file of the Court has therefore been very considerably diminished, and contested suits on the Original Side now come on for hearing within a reasonable period. It is, however, hoped that still further improvement in the figures will be obtained during the current year, and the considered opinion of the Hon'ble the Chief Justice is that the pending file of suits on the Original Side ought not to exceed about 250, and he trusts that the Judges and Officers of the Original Side will not relax their efforts.

Of the 837 suits disposed of, 246, or 29·39 per cent., were contested, as compared with 24·45 per cent. in 1927 and 32·11 per cent. in 1926. In 1927 only 135 contested suits were decided, and in 1926 only 229, and the increase in the number of contested suits decided is due to the fact that three Judges sat almost continuously on the Original Side. One hundred and seventy-eight cases, or 72·35 per cent., of the contested suits decided, were decided in favour of the plaintiffs, as against 66·66 per cent. in 1927 and 69 per cent. in 1926.

The durations of contested and uncontested suits rose to 276 and 140 days respectively, from 267 and 138 days respectively in 1927. In regard to contested suits the increase of 9 days in the average duration is explained by the fact that a large number of very long pending suits were disposed of during the year, with consequent reduction in the pending file. The duration of uncontested suits is still excessive, and the question of reducing the duration of these suits, which was a matter of comment in the report for 1926, should receive the serious attention of the Officers of the Original Side.

Provincial Statements A. and K.

6. **Executions.**—The number of applications for execution filed during the year was 597, as against 626 in 1927 and 618 in 1926, but the amount realised in execution was Rs. 5,06,377, which is an increase of over Rs. 70,000 on the figures of last year. The number of applications for disposal, including those pending from the previous year, was 833, and the number disposed of was 649, leaving 184 applications pending at the close of the year. Of the applications disposed of, 123 were transferred to other Courts, and 326 were wholly infructuous. In 115 cases satisfaction was obtained in full, and in 85 cases satisfaction was obtained in part. The percentage of applications which were successful in whole or in part was only 30 per cent., the same percentage as in 1927, but there was a considerable increase, from 94 to 115, in the number of cases in which satisfaction was obtained in full, and this accounts for the increase in the amount realised in execution.

Sales of immoveable property were effected in 59 cases, as against 23 cases in 1927 and 27 cases in 1926.

Provincial Statement A.

7. **Insolvency.**—The number of applications in Insolvency presented during the year was 262, as compared with 239 in 1927 and 278 in 1926. The number of cases disposed of fell to 271, as against 346 in 1927, but there was still a further decrease of the pending file by 9 cases, and at the close of the year 178 cases were pending, as against 187 in 1927. The Official Assignee again put in another good year's work, and the prompter disposal of the Insolvency work of the Court is in the main due to the steadily increasing efficiency of the Official Assignee's office. Of the applications made during 1928, 32 were made by creditors, and 43 persons were adjudged insolvent on these applications.

Imperial Statement No. 30 and Provincial Statements A and G.

8. **Miscellaneous.**—The number of miscellaneous cases filed during the year, including one received by transfer from the District Court of Pyapôn, was 280, as against 248 in 1927 and 285 in 1926. The total number of cases for disposal was 347, of which 296 were decided. Of the cases decided, 67 were decided after contest with an average duration of 88 days, and 299 without contest with an average duration of 45 days. The average duration for contested and uncontested cases together was 55 days, which is a decrease of 23 days on the average duration of the previous year.

The cases instituted during the year included 36 applications for Probate, 106 for Letters of Administration, 40 under the Guardian and Wards Act, 13 under the Registration of Business Names Act, 3 under the Indian Companies Act, and 14 under other Acts. The remaining 68 applications were under the provisions of the Code of Civil Procedure.

9. From the 837 suits decided on the Original Side, there were 76 appeals to a Bench of the Court. Of these appeals, 24 were wholly unsuccessful, while in 14 cases the original decrees were modified or reversed. The remaining appeals were still pending at the time of writing this report.

Imperial Statement No. 31 and Provincial Statements A and I.

10. **Appellate Side.**—The number of first appeals instituted during 1928 was 298 at Rangoon and 29 at Mandalay, as compared with 364 at Rangoon and 28 at Mandalay, respectively, in 1927, and 322 at Rangoon and 44 at Mandalay, respectively, in 1926. With the cases pending from the previous year, there were 557 first appeals for disposal at Rangoon and 50 at Mandalay. Of the appeals for disposal at Rangoon, 107 were from the Original Side of the High Court.

First Appeals.

Four hundred appeals, of which 334 were contested, were disposed of at Rangoon, as against 360 in 1927, and 157 cases were pending at the close of the year, as against 259 in 1927. The pending file of first appeals at Rangoon was therefore reduced by 102 cases, and the average duration of such appeals was still further reduced from 271 to 219 days. Although the number of contested appeals decided increased from 282 to 334, the decisions of the original Courts were confirmed in only 214 cases, or approximately 53 per cent., as against 66 per cent. in 1927. The greater percentage of interference in the decisions of District Courts in original cases was no doubt due to the fact that during the year the number of permanent superior Officers on leave was unusually high, with the result that several Judges with little previous experience of District Court work were officiating as District Judges.

At Mandalay, of the 50 first appeals for disposal, 39 were disposed of, leaving a pending file of only 11 appeals, as against 21 in 1927 and 41 in 1926. There was a welcome reduction of average duration of such appeals from 214 days to 178 days, which is the same as the figure for 1926. Of the cases decided, the decisions of the original Courts were confirmed in 27 cases, or 69 per cent., which is great improvement on the figures of the previous year.

Imperial Statement No. 31 and Provincial Statements A and I.

Six hundred and seventy-five second appeals were instituted during the year 1928 at Rangoon and 185 at Mandalay, as compared with 780 and 220, respectively, in 1927. With the appeals pending from the previous year, there were altogether 1,107 second appeals for disposal at Rangoon and 261 at Mandalay.

Second Appeals.

At Rangoon 804 second appeals were decided, leaving a pending file of 303 at the close of the year, as compared with 432 in 1927 and 533 in 1926. The average duration of second appeals was reduced from 228 days to 181 days, which is a much lower figure than that of 1926, namely 218 days. The decisions of the lower Appellate Courts were confirmed in 525 cases, or a little over 65 per cent. One hundred and forty-seven appeals were dismissed summarily under Order XLI, Rule 11, Code of Civil Procedure.

At Mandalay 189 second appeals were decided, leaving at the end of the year 72 cases pending, as against 76 cases in 1927 and 115 cases in 1926. There was a welcome reduction in the average duration of second appeals at Mandalay, the duration being 98 days in 1928,

as against 159 days in 1927 and 132 days in 1926. Of the appeals disposed of, 125 were contested, and the decisions of the lower Appellate Courts were confirmed in 129 cases, or 68 per cent., which is a slight increase on the percentage of confirmatiom of 1927. Fifty-three appeals were dismissed summarily under Order XLI, Rule 11, Code of Civil Procedure.

Imperial Statement No. 32 and Provincial Statement A

At Mandalay one appeal under the Letters Patent of the High Court was instituted during the year and was disposed of with a duration of 115 days. At Rangoon 8 special appeals under the Letters Patent were instituted, and with 4 pending from the previous year there were 12 for disposal. Of these 12 appeals, 11 were from decisions of a single Judge which had been certified under clause 13 of the Letters Patent as being fit for further appeal, and one was from a decision of a Bench of two Judges where there had been a difference of opinion. Three appeals from single-Judge decisions and the appeal from a Bench decision were decided during the year, leaving 8 appeals from decisions of single Judges pending at the close of the year. The average duration of Letters Patent Appeals was reduced somewhat from 313 to 263 days, but the duration of these appeals is still much higher than it ought to be and constitutes the one blot on the work of the Appellate Side.

Letters Patent Appeals.

Imperial Statement No. 32 and Provincial Statement A.

The number of miscellaneous appeals instituted was 177 at Rangoon and 58 at Mandalay, as compared with 207 and 46, respectively, in the previous year. With the cases remaining pending from the previous year, there were 259 miscellaneous appeals for disposal at Rangoon and 87 at Mandalay. At Rangoon 174 appeals were decided, leaving 85 pending, and at Mandalay 80 were decided, leaving only 7 pending at the close of the year. The average durations of these appeals increased from 144 to 149 days at Rangoon and decreased from 137 to 121 days at Mandalay.

Miscellaneous Appeals.

Imperial Statement No. 31 and Provincial Statement A.

Three hundred and thirty-five civil revisions were instituted at Rangoon during the year and 142 at Mandalay, as compared with 402 and 132, respectively, in the previous year. With the number pending from the previous year, there were 462 revisions for disposal at Rangoon and 166 at Mandalay. Of these, 171 at Rangoon and 52 at Mandalay were under section 25 of the Rangoon and Provincial Small Cause Courts Acts, and 291 at Rangoon and 114 at Mandalay under section 115 of the Code of Civil Procedure. Three hundred and sixty-two revisions were disposed of at Rangoon and 134 at Mandalay, leaving pending files of 100 cases at Rangoon and 32 cases at Mandalay, as compared with 127 and 24, respectively, at the end of the previous year. There was a very substantial decrease in the average duration of civil revisions, at Rangoon the average duration being 115 days, as compared with 135 in 1927, and at Mandalay 53 days, as compared with 72 in 1927. The percentages of successful cases were only 26 under the Small Cause Courts Acts and 28 under the Code of Civil Procedure, which afford proof

Revisions.

of the statement so frequently made by the Hon'ble Judges that a large proportion of the revision applications are filed, not with any hope of success, but merely with a view to harassing the opponent. Of the applications decided, 147 at Rangoon and 73 at Mandalay were summarily rejected.

Provincial Statement A.

References.

At Mandalay no reference was made during the year. At Rangoon 11 references were made, and with 4 pending from the previous year there were 15 for disposal. Of these, 10 were decided and 5 were pending at the close of the year. Of the 10 cases decided, 6 were references made by District Judges, 4 under section 17 of the Indian Divorce Act, and 2 under Order XLVI, Rule 8, Code of Civil Procedure. Two references made by the Commissioner of Income Tax under section 66 (2) of the Income Tax Act, and 2 references to a Full Bench of five Judges on points of law, were also decided. The average duration of references rose considerably to 129 days, and this increase of duration is due to the fact that some difficulty was experienced in constituting the necessary Full Benches for deciding the references on points of law and of the Commissioner of Income-tax.

General.

The Appellate work of the Court showed a considerable decrease on the figures of the previous two years, and in consequence it was found possible to take away one of the Judges from the Appellate Side of the Court at Rangoon, so as to allow of three Judges sitting on the Original Side for the greater part of the year. At both Rangoon and Mandalay there was a considerable decrease in the amount of work before the Court. The Mandalay Judge found it an easy task to keep abreast of his work, but at Rangoon the decrease in the number of cases before the Court was more than counterbalanced by the fact that the services of one Judge were spared from the Appellate Side to the Original Side during almost the whole year. It is consequently a matter for congratulation that the pending files of all classes of cases have been so considerably reduced, and that, with the exception of references, the average durations were also very considerably reduced. The results of the year's working were distinctly encouraging at Rangoon, and the Appellate Side of the Court has to be congratulated on a successful year's work.

11. **Privy Council Appeals.**—From the High Court at Mandalay there was one appeal pending before their Lordships of the Privy Council at the end of the year. This was pending in the office of the Privy Council. In the High Court at Rangoon, the number of cases in which leave to appeal to the Privy Council was granted during the year was 10, and with 23 appeals which were pending before their Lordships of the Privy Council at the end of the year 1927, there were 33 cases for disposal, as compared with 37 cases in the previous year. Their Lordships disposed of only 4 appeals during the year, as compared with 12 during

the previous year. Seven appeals were dismissed for default or failure to furnish security. Consequently 22 appeals remained pending at the close of the year. Of these pending cases, 19 were actually pending in the office of the Privy Council, and 3 cases, in one of which the records were very bulky and a considerable amount of translation work had to be done, were still under preparation in this Court at the close of the year. But all these 3 cases have since been despatched to London, and at the time of writing this report there is not a single Privy Council appeal pending in the office of this Court. The work of the Privy Council branch has been greatly improved during the year under report, and the delay of the Presses in printing the records has been eliminated, and proofs of much better quality are now being obtained.

III.—RANGOON SMALL CAUSE COURT.

Imperial Statements Nos. 27, 28 and 29 and Provincial Statement C.

12. **Number and Value of Suits instituted.**—The number of suits instituted in the Rangoon Small Cause Court during the year 1928 was 11,186, which is a decrease of 403 suits on the number instituted in 1927, but still shows an increase of over 1,000 suits above the figures of 1926. With the pending file of the previous year, and including suits revived and remanded, but excluding suits transferred, there were 13,476 suits for disposal. Of this number 11,393 suits were decided, as compared with 11,345 in 1927. The number of suits pending at the close of the year increased still further from 2,052 to 2,083. Of the suits filed, 3,383 were contested, or approximately 30 per cent., as compared with 26 per cent. in 1927. This percentage is about the average percentage for this Court.

Comparable with the decrease of institutions, the value of suits instituted showed a decrease of 1·78 lakhs as compared with the previous year, being 31·04 lakhs. There was a slight increase in the number of suits below Rs. 100 in value, and a corresponding diminution in the number of suits above Rs. 100 in value, and this accounts for the large decrease in the total value of the suits instituted. As usual, the large majority of the suits fell between Rs. 50 and Rs. 500 in value.

It is most regrettable that there has been a further increase in the number of cases pending at the end of the year, and apparently the three Judges of the Court, coupled with the assistance given to them by the Registrar in disposing of suits of small value, have scarcely been able to keep pace with the work of the Court. It would appear to be necessary that the first Judge should give greater assistance to the second Judge in disposing of suits of intermediate values. It is unfortunate that the proposal of the Hon'ble Judges to give the Registrar powers to dispose of uncontested suits of any value and of the execution work of the Court, which proposal was included in a draft Bill which has been before the Burma Legislative Council, should not have found favour with the Council.

The average duration of uncontested cases rose again from 37 days to 39 days, and the remark of the Hon'ble Judges in last year's report, that the duration of these suits ought to be capable of considerable further improvement, has apparently not received attention. The average duration of contested suits also rose further from 105 days to 124 days. This is extremely unsatisfactory, and shows that the dilatory methods on which the Hon'ble Judges commented last year are still maintained in the Small Cause Court. Most of these delays are due to unnecessarily protracted examination and cross-examination of witnesses, and to frequent long and unjustifiable adjournments at the request of pleaders or for want of time. It has been frequently emphasised that when a case is adjourned for want of time every endeavour should be made to take it up on the following day. The proviso to Rule 1 of Order XVII, Code of Civil Procedure, is a dead letter in the Small Cause Court. Often one or two witnesses in a suit are examined on one day, and then the remainder of the evidence is recorded piece-meal after a series of adjournments extending over many months. The Judges of the Court ought to deal much more firmly with those pleaders who habitually offend by their lengthy and irrelevant examination and cross-examination of witnesses. In many cases which have come before the High Court, the cross-examination of witnesses has been protracted to an extent which would be unseemly even in a regular suit, and was altogether out of place in a small cause. The present state of the Rangoon Small Cause Court cannot be described as satisfactory, and the Hon'ble Judges hope to see a very great improvement in the duration of contested suits during the current year. They are convinced that such improvement is capable of attainment if the Judges of the Small Cause Court would only bear in mind that their Court is one of summary jurisdiction.

Provincial Statement K

13. **Executions.**—The number of applications for execution made during the year increased by 365 to 9,759, but the number is still less than that of the year 1925. Nine thousand six hundred and eighty-nine applications were decided, leaving a pending file of 865 cases, an increase of 70 pending cases above the figures of the previous year. The amount realised in execution was 4·02 lakhs, which is an increase of Rs. 13,000 over the figures of the previous year. Of the applications decided, 883 were transferred to other Courts, 1,997 were wholly successful, 1,001 were successful in part, and 5,808 were wholly infructuous. The percentage of success was slightly over 34 per cent., as in the previous year. Three hundred and twenty judgment-debtors were imprisoned, and 956 were arrested, but released without imprisonment.

Again no explanation of the large number of persons imprisoned has been given, in spite of the remarks in this regard in last year's report. It has recently come to notice that warrants of arrest are sometimes issued by the Small Cause Judges in cases in which the decree could be executed with success in another way, and the tendency to issue warrants unnecessarily is one that should be strictly checked. With regard to debtors actually sentenced to imprisonment, attention of the Judges is drawn to Rule 40 of Order XXI, Code of Civil Procedure, which is frequently overlooked.

Imperial Statement No. 30 and Provincial Statement G.

14. **Miscellaneous.**—The number of miscellaneous applications before the Court, including those pending from the previous year, was 1,090, as compared with 1,249 in the previous year. Of these applications, 1,017 were disposed of, leaving a pending file of 80 cases, an increase of 14 cases on the number pending at the end of 1927. That, in spite of the great decrease in the number of cases for disposal, the pending file should nevertheless have increased is not creditable. It is apparent that the Judges of the Small Cause Court did not during 1928 keep pace with any branch of their work, and greater efforts must be made during the current year.

Four appeals against municipal assessments were filed and disposed of during the year, with an average duration of 39 days. Two election petitions under the Rangoon Municipal Act were instituted, of which one was disposed of with an average duration of 11 days, and one was pending at the close of the year. The three references under section 188 of the Rangoon Municipal Act, which were pending from the previous year, were disposed of, with an average duration of 114 days.

Four hundred and fifty-seven applications for the issue of distress warrants, under Chapter V of the Rangoon Small Cause Court Act, were made by landlords during the year, as against 348 in 1927. It is evident that every year increasing advantage of these provisions is being taken. With the number pending from the previous year, there were 474 applications for disposal. Of these 24 were rejected, 123 warrants were returned unexecuted, 87 were compromised, and in 102 cases the whole or part of the distrained property was sold. In 30 cases the full amount was paid before seizure, and in 66 cases the amounts were paid after the seizure of the property. Fifty-six applications were filed by third parties in connection with the issue of distress warrants, and with the number of such applications pending from the previous year there were 65 for disposal. Of this number 34 were wholly successful, 3 were compromised, 26 were dismissed or rejected, and 2 were still pending at the close of the year. In 26 cases attachments of goods were raised, wholly or in part, on the applications of third parties. Six applications for the issue of distress warrants were still pending at the close of the year.

IV.—SUBORDINATE COURTS—ORIGINAL JURISDICTION.

Imperial Statements Nos. 27 and 28 and Provincial Statement C.

15. **Number and Value of Suits.**—The number of new suits instituted in Courts outside Rangoon increased from 53,840 in 1927 to 56,425 in the year under report. Including suits received by transfer

and suits remanded or revived, the total number of cases instituted during the year was 57,306, as against 54,708 in 1927. This represents an increase of over 2,500 suits on the figures of the previous year, but is still far short of the figures of previous years and is only approximately the same as the figure of 1918, the last year of the Great War. In District Courts the increase in the number of suits was only 3, but in Subdivisional Courts the number of suits instituted increased by 202, in Township Courts by 1,624, and in Small Cause Courts by 769. The increase occurred mainly in suits for money or moveable property, there having been an increase of approximately 2,600 suits of this class. Although there was a small increase of 329 suits for immoveable property and suits on mortgages, there were, on the other hand, decreases in the number of suits for specific relief, suits to enforce a right of redemption, and matrimonial and testamentary suits. The increase of institutions embraced suits of all values, except petty suits not exceeding Rs. 10 which showed a still further small decrease in number.

In spite of the increase in the number of suits instituted, the total value of these suits decreased from 298·80 lakhs to 269·20 lakhs, but the total value of suits was still in excess of the values of 1926 and 1925, when the number of suits instituted was considerably larger than that of the year under report. It is apparent that the decrease of valuation was due to the filing of a less number of suits of very high value, as the value of suits instituted in District Courts decreased from 152·88 lakhs to 117·75 lakhs, and there was also a decrease of 3 lakhs in the value of suits instituted in Subdivisional Courts. In Small Cause Courts the value of suits was practically stationary, and in Township Courts it increased by 8·62 lakhs.

In Township Courts, the only districts which showed a decrease of more than 100 in the number of suits filed were Thatôn, a decrease of 261 suits, and Sagaing, a decrease of 174. The largest increases of institutions occurred in the Township Courts of Bassein (537), Pegu (353), Henzada (265), Meiktila (182), Myaungmya (163), Pyapôn (161) and Toungoo (134).

The Small Cause Court of Mandalay showed a decrease of 171 suits, and there were small decreases in the Small Cause Courts of the Pegu, Hanthawaddy, Pyapôn, Shwebo, Minbu and Sandoway districts. The largest increases of institutions in Small Cause Courts occurred in the Tharrawaddy (359), Bassein (217), Henzada (192), Prome (156), and Myingyan (140) districts.

As regards Subdivisional Courts, the only districts which showed any considerable decrease of institutions were Bassein (87), Mandalay (53) and Insein (42). There were considerable increases of institutions in the Subdivisional Courts of the districts of Pyapôn (56), Hanthawaddy (53), Myaungmya (47), Prome (45) and Toungoo (43).

The District Courts of Bassein (26) and Myaungmya (22) showed important increases of institutions, and there were slight increases in the District Courts of Pyapôn, Pegu, Tharrawaddy and Toungoo. In the District Courts of Magwe (24), Akyab (14), and Kyauksè (12), the decreases of institutions were important, and there were smaller decreases in the District Courts of Yamèthin, Minbu, Amherst and Ma-ubin.

As regards valuation, in Township Courts, the value of suits instituted increased by 2·47 lakhs in the Bassein district, 1·42 lakhs in the Henzada district and 1·18 lakhs in the Pegu district, corresponding to the increased number of suits filed in these districts. There were also considerable increases of valuation in the Township Courts of the Prome, Myaungmya, Ma-ubin, Shwebo and Toungoo districts. The only districts in which there was a considerable decrease in the valuation of suits instituted in Township Courts were Thatôn (1 lakh), Insein (53,000) and Hanthawaddy (31,000).

The Small Cause Courts of Tharrawaddy, Amherst, Henzada, Bassein and Kyauksè districts record considerable increases of valuation, while there were important decreases in the Small Cause Courts of Minbu, Mandalay, Sandoway and Shwebo.

In Subdivisional Courts there were increases of value of nearly 1 lakh in the Pyapôn and Myaungmya districts, and there were also considerable increases in the Hanthawaddy, Toungoo and Tharrawaddy districts. Large decreases of valuation occurred in the Subdivisional Courts of Yamèthin (3·94 lakhs) and Prome (1·32 lakhs). The decreases in the Mandalay and Insein districts were also important.

As regards District Courts, in the Amherst and Hanthawaddy District Courts, which showed such very large increases of valuation last year, the decreases this year were respectively 39½ lakhs and 10½ lakhs, which may be taken to be a return to normal conditions. In the Magwe district the decrease of valuation was nearly 4 lakhs, and in Tharrawaddy 3½ lakhs. Mandalay, Myingyan, Toungoo and Henzada District Courts also showed decreases of 1 lakh or over. There were large increases of valuation in the District Courts of Myaungmya (10 lakhs) and Pegu (8½ lakhs). Akyab and Bassein District Courts also had increases of over 2 lakhs, and Yamèthin, Prome and Tavoy all over 1 lakh each.

In the year under report there has been a slight increase in the number of suits filed, combined with a drop in valuation of nearly 30 lakhs, and therefore *primâ facie* it would seem that there has been a revival of litigation of small value, but closer examination of the statistics shows that this is not the case. The figures of valuation for the year 1927 were greatly swollen by three very heavy suits instituted in the Amherst and Hanthawaddy District Courts, and in the year under report the valuations of these two Courts returned to normal, with a

consequent decrease in the value of the suits instituted in these two Courts together of nearly 50 lakhs, which more than accounts for the decrease in the total value of suits. The figures in Imperial Statement No. 28 in fact show that there were increases in the number of suits instituted in all divisions of the statement above Rs. 500. It is therefore apparent that, apart from the three unusual suits mentioned above, there has really been a further considerable increase in the value of suits instituted. The number of suits below Rs. 10 in value again shows a further welcome decrease, and the gradual extension of the transfer to Village Committees of this litigation is certainly desirable.

As stated in last year's report, it is difficult to assign any reasons for these annual variations in the amount of civil litigation, and District Judges have in their reports, as usual, given the most contradictory reasons, the usual phenomenon of a bad harvest or destruction of crops being in different districts described as a reason for increase of litigation or for a diminution thereof. Actually the figures of the year would seem to suggest that, with the exception of the Thatôn and Amherst districts, there has, generally speaking, been an increase of litigation in Lower Burma, while there has, on the other hand, been a considerable decrease in Arakan and Upper Burma. The Myaungmya and Pyapôn districts have now apparently firmly established themselves as the most litigious in the Province, and seeing that they are amongst the richest agricultural districts of the Province, while Upper Burma and Arakan are the poorest, it would appear to be plain that litigation, generally speaking, accompanies prosperity.

Imperial Statement No. 29 and Provincial Statement C.

16. **Disposals.**—The total number of suits before the Courts for disposal, including suits remanded or revived, was 61,664, as compared with 59,740 in 1927. The total number of suits disposed of was 57,708, as against 55,276 in 1927. Except in District Courts, disposals exceeded institutions in all classes of Courts, and the increase in the number of suits decided on the whole exceeds by over 500 the increase in the number of suits for disposal. In Township Courts the number of suits decided was 36,059, as against 34,416 in 1927, in Subdivisional Courts 17,451 as against 16,681, in Small Cause Courts 3,456 as against 3,306, and in District Courts 742 as against 873. Only in the Hanthawaddy, Tavoy, Meiktila, Pakôkku and Kyauksè districts did the institutions of suits exceed the disposals.

The disposals in District Courts, to which complimentary reference was made last year, were extremely disappointing. The figures in the Tharrawaddy District Court, where two Judges disposed of only 29 suits, the Pegu District Court, 43 suits for two Judges, and the Mandalay District Court, 50 suits for two Judges, are especially disappointing. In Mandalay it is difficult to think of any reason why the pending file should have increased from 19 to 35 suits. In the Tharrawaddy and Pegu districts there was perhaps some excuse as the Sessions

in those two districts were particularly heavy throughout the year. The District Judge of Myaungmya is to be congratulated on his efforts to cope with the very heavy file of his Court. Without the assistance of an Additional Judge for the trial of suits, he himself disposed of 85 regular suits, many of them of a complicated character, during the year.

In the Bassein district the Judge of the Subdivisional Courts again failed to cope with his file, and there was a further increase in the number of pending cases. This is a matter which must now receive the serious attention of the District Judge. There is a very large staff of Magistrates at Bassein and, if it is necessary to do so in order to enable the Subdivisional Judge to keep pace with his work, he should be entirely relieved of criminal work for a time.

Of the suits disposed of, 13,394, or 23 per cent., were contested. The proportion of contested cases in Township Courts was 24 per cent., in Small Cause Courts 14 per cent., in Subdivisional Courts 39 per cent., and in District Courts 50 per cent.

Thirty-nine thousand five hundred and ninety-five suits, or 69 per cent., were decreed for the plaintiff. Three thousand and seventy-nine, or 5 per cent., were compromised.

Imperial Statement No. 29 and Provincial Statements C and D.

17. **Pending Cases.**—The year 1928 closed with a pending file in Subordinate Courts of 3,956 suits, as against 4,467 in 1927. Seeing that the number of suits for disposal increased by more than 2,500 over the figures of the previous year, this further reduction of 511 suits in the pending file is satisfactory. Of the pending suits, 651 only were pending for more than three months, as against 1,011 in 1927, and 596 were pending for over a year, as against 664 in 1927. Unfortunately the Zeyawaddy Grant suits, numbering 491, were still pending in the Subdivisional Court of Pyu at the end of the year, and therefore, excluding these suits, only 105 suits were pending for more than a year in all Subordinate Courts, a position of affairs which is satisfactory.

In Township Courts there was a further general reduction of the pending file in most districts. The lowest pending files were in the Township Courts of the districts of Yamèthin (10), Sandoway (23), Tavoy (25), Myaungmya (29), Mergui (30), Myingyan (31), and Amherst (34). There were increases of ten suits or more in the pending files of the Township Courts of the districts of Pakôkku (28), Henzada (22), Hanthawaddy (19), Meiktila (17), Pegu (12)), and Myitkyina (10). In only 11 districts were there increases of the pending files in Township Courts, and with the exception of those named the increases were very small. The pending files of the Township Courts of the Pegu district were mentioned last year as being exceptionally heavy, and they have now reached the very large total of 246 suits. This is almost double the figures of any other district, and reflects considerable discredit on the Judges of the Township Courts of this district. Besides Pegu, only in the districts of Akyab (134) and Bassein (101) were the pending files in

Township Courts more than 100 suits. The work of the Township Courts of these three districts should receive the close attention of the District Judges in the current year. The pending files were also excessive in the Pakôkku (94) and Myitkyina (80) districts. That in the Myitkyina district there should be a pending file of 80 suits out of a total number of suits instituted of 408 is most unsatisfactory.

In Small Cause Courts there were considerable decreases of the pending files in the districts of Mandalay (37) and Akyab (26), but these two districts still had by far the largest pending files of Small Cause cases. There may be some excuse for this fact in the Mandalay district, where there is a special Small Cause Court, but there is no excuse whatever in the case of the Akyab district.

In Subdivisional Courts the only excessive pending files were in the districts of Toungoo (520), Pegu (60), Bassein (57), Myaungmya (42), Pyapôn (49) and Mandalay (64). Of the Subdivisional Courts named in last year's report as having large pending files, considerable improvement is shown in the figures of the Pyapôn district, where the pending file decreased from 70 to 49, the Mandalay district, from 102 to 64, and the Pegu district, from 77 to 60. In Bassein, in spite of the remarks made in last year's report, the pending file has further increased to 57 suits, and in Toungoo and Myaungmya the pending files have increased by 8 and 10 suits respectively.

In District Courts, it is gratifying to record that the pending file of the Hanthawaddy District Court was reduced by 19 suits to 16. The largest increases of pending files in District Courts were at Pegu (21), Mandalay (16), Pyapôn (10) and Bassein (10). At Pegu two Judges of the District Court disposed of only 43 suits between them, and at Mandalay of only 50. These results cannot be regarded as satisfactory, and it would seem evident that in these districts the Judges of the District Courts did not give that attention to their civil work which it merits.

Provincial Statement D.

As pointed out last year, no Township Court ought to have a suit pending for more than a year, yet in the Myitkyina district there are no less than 6 suits in Township Courts pending for over a year, and it is evident that the civil work of this district, which is entirely performed by executive Officers, has been neglected. The state of the pending file of Township Courts in the Pegu district is also extremely unsatisfactory. There are 33 suits pending for over two years, and 6 for over one year. The state of the work of these Courts must receive the early attention of the District Judge. It is in fact apparent that the work of all the Civil Courts of the Pegu district is by no means what it should be, as there are four suits pending for over a year in the Subdivisional Courts, 1 suit pending since 1923 in the District Court, 1 since 1925, 1 since 1926 and 1 since 1927. In the Pyapôn district the state of the civil work also continues to be unsatisfactory. In Township

Courts there are 1 suit pending since 1926 and 3 since 1927. In the Subdivisional Courts there are 1 suit pending since 1925, 1 since 1926, and 3 since 1927. In the District Court there are 4 pending since 1926 and 7 since 1927. Besides the above-mentioned districts, the Township Courts of Toungoo and of Pakôkku have each one suit pending for over a year.

Apart from these cases, the pending files in other Courts are satisfactory. The 491 Zeyawaddy Grant suits are still pending in the Subdivisional Court of Pyu in the Toungoo District. The test appeal, which has been pending in this Court for some years, has recently been compromised, and therefore it is hoped that the Subdivisional Judge will now proceed to the decision of these 491 suits without delay, and that they will be completed before the end of the current year. The District Court of Bassein has one suit pending since 1925, which is awaiting the decision of a similar suit brought in Devakota. Section 10 of the Code of Civil Procedure compels the Bassein Court to await the long-deferred decision of the Devakota Court in its suit.

Provincial Statement C.

18. **Duration of Suits.**—The average duration of contested suits was further reduced to 66 days, as compared with 68 days in 1927 and 77 days in 1926. The average duration of uncontested suits was also reduced to 31 days, as compared with 34 days in 1927 and 42 days in 1926. In Township Courts the durations were 62 days for contested suits and 32 days for uncontested suits, as against 64 and 39, respectively, in 1927. In Subdivisional Courts the figures were 118 and 49 days, respectively, as against 120 and 61 days. In Small Cause Courts they were 35 and 25 days, respectively, as against 36 and 28 days. In District Courts the duration of contested suits remained the same, namely, 189 days, but the duration of uncontested suits was further reduced from 95 to 92 days. This further reduction of the average duration of both contested and uncontested suits in all classes of Courts is satisfactory. It is generally stated to be due to the better work of the process-serving establishment following upon the revision of the pay of process-servers, which was made in March 1928.

In Township Courts there were increases in the duration of contested suits in the Pegu, Thatôn, Magwe, Mergui, Henzada, Lower Chindwin, and Tharrawaddy districts. There were decreases in the durations of contested suits in the Township Courts of the Insein, Amherst, Toungoo, Mandalay, Myaungmya, Salween, Prome, Meiktila, Bhamo, Yamèthin and Sandoway districts. The only durations of over 80 days in Township Courts were in the Lower Chindwin, Mandalay, and Kyauksè districts. These, with the exception of Prome, are the same districts as showed high durations last year. In Kyauksè the duration increased from 86 to 89 days, and in Lower Chindwin, where the civil work is performed entirely by executive Officers, the duration increased from

94 to 101 days. In Mandalay the duration of contested suits was further decreased from 94 to 87 days. There should be a still further improvement on these figures in the current year.

In Subdivisional Courts there were increases of average duration of contested suits in the Pyapôn, Hanthawaddy, Pegu, Myingyan, Bassein, and Akyab districts. There were considerable decreases in the Katha, Tharrawaddy, Myaungmya, Meiktila, Prome, Lower Chindwin, Mandalay, Sagaing, Magwe and Myitkyina districts. The following Subdivisional Courts showed an average duration of over 120 days for contested suits :— Pyapôn (253), Pegu (220), Hanthawaddy (151), Lower Chindwin (148), Myingyan (146), Thatôn (140), Sandoway (133), Bassein (131), Toungoo (125) and Myaungmya (125). Most of these districts were mentioned for excessive durations in Subdivisional Courts in last year's report, and every endeavour should be made to improve on these figures during the current year. The figures for the Lower Chindwin and Myaungmya districts showed a considerable improvement on those of the previous year.

The following District Courts had very high durations for contested suits :—Minbu (884 for one suit), Ma-ubin (371), Thatôn (242), Hanthawaddy (235), Magwe (235), Myingyan (223), Mandalay (215), Tavoy (208), Tharrawaddy (201), and Myaungmya (201). The figures of the Myaungmya, Thatôn, Tavoy and Myingyan District Courts show an improvement over those of the previous year, but in the Thatôn and Tavoy districts, where the work of the District and Sessions Courts is very light, the figures ought to be very much better than they are. In the Thatôn district the durations in all Courts were much higher than they should be, and it would seem that the Civil Judges of this district have been guilty of dilatoriness.

Imperial Statement No. 30 and Provincial Statement G.

19. Miscellaneous Cases.—There was a further slight reduction in the number of miscellaneous cases instituted, from 7,072 in 1927 to 7,063 in the year under report. There was an increase from 3,374 to 3,507 in the number of such cases instituted in Township Courts, and this increase corresponds roughly with the increase in the number of suits instituted in these Courts. But there were decreases of institutions of miscellaneous cases in each of the other three classes of Courts.

Six thousand nine hundred and sixty-two cases were disposed of, as against 7,222 in 1927. Of the cases disposed of, 3,134, or 45 per cent., were contested. This is a slight increase on the percentage of contest in 1927, which was 44 per cent. The number of cases pending at the end of the year increased from 1,224 to 1,310, which is unsatisfactory. Of the pending file, 548 cases had been pending for more than three months and 71 cases had been pending for over a year. The cases pending for over a year were all in District Courts and they were all Insolvency cases. In the Pegu District Court there were 19 such cases, [illegible] 9, in Pyapôn 8 and in Mandalay 8.

The average duration of miscellaneous cases fell from 65 to 62 days, and the durations were 73 days for contested cases and 52 days for uncontested cases. In Township Courts the average duration increased from 24 to 35 days, in Subdivisional Courts it decreased from 49 to 36 days, in Small Cause Courts from 36 to 28 days, and in District Courts from 123 to 103 days. Miscellaneous cases in Subdivisional, Township and Small Cause Courts are mainly cases for removal of attachments and are of the simplest nature, and in some districts there would appear to have been unnecessary delay in disposing of such cases. In Township Courts the pending files of miscellaneous cases were excessive in the Pegu, Tharrawaddy, Bassein, Minbu, Shwebo and Pakôkku districts, while the average duration of such cases was excessive in the Kyauksè, Kyaukpyu, Myingyan, Magwe, Lower Chindwin, Myitkyina, Pegu, Pakôkku and Mandalay districts. In Subdivisional Courts the pending files were excessive in the Pyapôn, Mandalay, Pegu and Bassein districts, and the Subdivisional Courts of the districts of Pyapôn, Toungoo, Pegu, Myaungmya, Lower Chindwin, Katha, Prome and Thatôn had excessive durations for such cases.

In District Courts the figures for miscellaneous cases depend mainly on the Insolvency work of the Court, and steps are now being taken to separate, in next year's statistics, the figures of Insolvency cases from those of miscellaneous cases of other classes. But even giving full allowance for the fact that Insolvency cases in which the insolvent is possessed of any assets are not susceptible of prompt disposal, the durations of such cases in several District Courts were excessive. The District Courts of Yamèthin, Thayetmyo and Ma-ubin had durations of over 200 days for contested cases, while the figures of the District Courts of Akyab, Bhamo, Bassein, Thatôn, Magwe, Pyapôn and Pegu were not much better. In the Pegu District Court the year closed with a pending file of 104 miscellaneous cases, which is discreditable, and the pending files were also larger than they should have been in the Amherst, Pyapôn, Bassein, Toungoo, Mandalay, Tharrawaddy and Hanthawaddy District Courts. It is noticeable that these District Courts are mainly those which were mentioned in last year's report, and the Judges thereof should without doubt pay far more attention to their Insolvency work.

Provincial Statements E and F refer to orders for stay of proceedings and Provincial Statement H to applications for interlocutory injunctions. In regard to original cases, the number of cases in which stay of proceedings was ordered does not appear to have been excessive, but the same cannot be said in regard to stay of proceedings in execution. The number of stay orders passed on appeal has increased somewhat over the figures given in 1927 in regard to stays of both classes, but this increase is probably due to the greater accuracy of the statistics obtained this year. One unsatisfactory feature of these statistics is the very large number of stays of execution proceedings ordered by the executing Courts themselves. The number of such stays ordered in appeal or revision was

Provincial Statements E, F and H.

only 364, whereas 707 stay orders were passed by the Courts executing the decrees, and such stays must in a majority of cases have been ordered pending the result of proceedings for removal of attachment. It has frequently been pointed out that stay of execution proceedings should rarely be granted in such cases unless the applicant furnishes security for the performance of the decree if his application is unsuccessful, and the rules in Order XXI have recently been revised by the Rule Committee so as to make it clear that the general rule should be that security must be furnished before a stay order is passed, and that a stay order without security should be the exception.

In regard to applications for interlocutory injunctions, the figures are not so good as they were last year, again probably because of the greater accuracy of the statistics. Of 863 such applications, 745 were granted *ex-parte* and 212 of these *interim* injunctions were dissolved after hearing the opposite parties. That so many *ex-parte* injunctions should be dissolved after the respondent has appeared before the Court shows that many Judges still continue the reprehensible practice of granting *ex-parte* injunctions on applications as a matter of course. This has frequently been the subject of adverse remarks by this Court and general instructions on the subject have been issued. The Hon'ble Judges look to District Judges to see that Judges of subordinate Courts do not grant *ex-parte* injunctions except on good grounds and without recording full reasons for their *ex-parte* orders.

Provincial Statement K.

20. **Execution of Decrees.**—The total number of applications for execution filed during the year increased from 42,903 to 46,406, which number is also a considerable increase on the number filed in 1926. With the cases pending from 1927, there were 53,396 execution cases for disposal, of which number 46,012 were decided, as against 43,475 in 1927. The pending file of execution cases increased from 6,990 to 7,384 cases. The amount realized in execution rose from 38·90 lakhs to 46·28 lakhs. This amount is the largest which has been realized since 1924. Eleven thousand nine hundred and seventy-eight decrees were satisfied in full and 7,365 in part, so that 42 per cent. of the applications disposed of were successful, either wholly or in part, as compared with 45 per cent. in 1927. The percentage of success was highest in the small districts of Sandoway, Kyaukpyu, Tavoy, Kyauksè and Bhamo, and was lowest in the districts of Yamèthin, Thatôn and Pegu. The figures of Yamèthin were again the worst in the Province, and the District Judge will be asked to report what steps he took on the remarks made in last year's report.

There were 1,003 sales of moveable property and 2,784 sales of immoveable property, which constitute a considerable increase on the number of sales in 1927. Four hundred and eighty-nine judgment-debtors were imprisoned, as against 441 in 1927, and in some districts there is still the same tendency to issue warrants of arrest unnecessarily. In the Magwe district only 10 judgment-debtors were sent to the civil

prison, while 176 were arrested. In Minbu the figures were 13 and 156, and in Yamèthin 14 and 151. The Magwe and Minbu districts are notorious for the very large number of warrants of arrest issued, and the matter should receive the attention of the District Judge. The attention of Judges of subordinate Courts has frequently been drawn to Rules 37 and 40 of Order XXI, but without any effect. District Judges must correct the tendency of some Judges of subordinate Courts to issue warrants of arrest unnecessarily in cases where it is obvious that the judgment-debtor is so poor as to be unable to pay the decretal amount, or where execution can be had by other means.

Provincial Statement L.

21. **Insolvency Cases.**—One thousand and eighty-nine applications in insolvency were presented to District Courts during the year, as compared with 1,017 in 1927 and 1,083 in 1926. With the cases pending from the previous year, there were 1,440 cases for disposal. One thousand and nineteen were finally disposed of, leaving a pending file of 421 cases. This is an increase of 68 cases on the pending file of the previous year, and, although to some extent the progress of an insolvency case is beyond the control of the Judge, yet this increase in the pending file of cases is not satisfactory and shows that District Judges generally do not pay that attention to the insolvency work of their Courts which it deserves. This is a matter on which the Hon'ble Judges have frequently remarked by circular letters and in the annual reports, but apparently without much effect. Detailed instructions concerning the working of the Insolvency Act are now under issue, and special registers for Insolvency cases and for the use of Receivers appointed under the Insolvency Act are being added to the Guard-books. It is hoped that these measures will have some effect in improving the working of the Act in this Province.

Two hundred and ninety applications were made by debtors under arrest, 714 by debtors not arrested, and 85 by creditors. The use of the Act by creditors is without doubt on the increase, but in the main the Act is still used by judgment-debtors who are unable to satisfy the decrees against them and merely apply for the benefit of the Act with a view to escaping imprisonment. Attention is once more drawn to the provisions of Order XXI, Rule 40, of the Code of Civil Procedure, which, if properly understood and applied by Judges of subordinate Courts, would to a large extent prevent the present general misuse and misunderstanding of the Insolvency law.

The work under the Act was considerable only in the Akyab, Hanthawaddy, Tharrawaddy, Pegu, Toungoo, Amherst, Bassein, Pyapôn and Mandalay districts. The considerable number of applications made by creditors in the Hanthawaddy, Tharrawaddy and Pyapôn districts is a feature of the year's statistics, and it is stated that in these districts creditors have more freely made use of the Insolvency Act for the purpose of avoiding preferential transfers of their debtors' property.

The amount of creditors' claims proved during the year was 13·92 lakhs, as against 17·01 lakhs in 1927, and the total of unsatisfied claims dealt with during the year was 23·22 lakhs. Of this amount 4·47 lakhs were satisfied and 7·79 lakhs were definitely struck off as irrecoverable.

Receivers were appointed during the year in 254 cases, as against 259 cases in 1927. With the cases pending from the previous year, the number of cases in the hands of Receivers during the year was 454. Of these, 272 were finally disposed of and 182 remained in the hands of Receivers at the close of the year. The total amount of assets realized by Receivers during the year was 5·64 lakhs, as compared with 2·67 lakhs in 1927. 4·56 lakhs were distributed as dividends, as compared with 2·51 lakhs in 1927. The great increase in the amount of assets of insolvents realized is encouraging, and tends to show that the working of the Act is gradually becoming better understood. The tendency of Receivers to hoard funds is still a noticeable feature of the statistics, the amount in the hands of Receivers at the close of the year having increased from 90,000 to 1·74 lakhs. This matter has been pointed out in successive annual reports without any effect. District Judges must bear in mind that the money realized from insolvents' assets belongs to the creditors, and not to the Receiver, and that the creditors are entitled to receive payment of dividends at the earliest possible moment. They must keep a much closer watch on the work of Receivers, and must see that *interim* dividends are paid out as frequently as circumstances permit, and that no large amount of assets is allowed to remain in the hands of a Receiver for a considerable time. In the Hanthawaddy district the Receiver had over a lakh of rupees in his hands at the close of the year and such a state of affairs would appear to be indefensible. In Mandalay the Receiver had over Rs. 21,000 in his possession, and in Amherst over Rs. 10,000. In other districts the amounts undisbursed were not excessive.

V.—DISTRICT COURTS—APPELLATE JURISDICTION.

Imperial Statement No. 31 and Provincial Statement I.

22. **Institutions and Disposals.**—The number of appeals instituted in District Courts in 1928 showed a further very considerable reduction on the number of the previous year, being 3,621 as compared with 4,050 in 1927. This is a decrease of nearly 800 appeals in the last two years. Seeing that the number of suits instituted in Township Courts increased by about 2,500 in the year under report, the conclusion arises from these figures that the work of Township Courts is steadily improving in quality, with the result that the litigant public finds it unnecessary in a large proportion of cases to file appeals. With the appeals pending from the previous year, there were 4,177 appeals for disposal, as against 4,828 in 1927. Three thousand six hundred and seventy appeals were disposed of, as compared with 4,271 in 1927, and the pending file was reduced from 557 to 507 appeals.

The figures are not entirely satisfactory, as with the great reduction in the amount of appellate work the pending file ought to have been reduced to a greater extent. In appeals which have come before this Court the Hon'ble Judges have noticed that in some districts there is a grave tendency to postpone the hearing of appeals at the request of pleaders. In some districts a contested appeal is rarely heard on the date fixed. The pleader for the respondent appears and states that he has just been engaged and has had no time to prepare his case and asks for an adjournment, which is readily granted. Such excuses should not be accepted when the respondent has had ample time to instruct a pleader before the date fixed for hearing. It can be a valid ground for adjournment only when the respondent was served a few days before the hearing date. As showing that there has in some districts been considerable dilatoriness in dealing with appellate work, the number of appeals pending over three months increased from 94 to 101, in spite of the large reduction in the total number for disposal. Only two appeals were pending for over a year, and these were the appeals in the Toungoo District Court which were mentioned in last year's report. The pending files of appeals were excessive in the District Courts of Pegu (58), Pyapôn (47) and Bassein (39). The number of appeals pending over three months was extremely high in Pyapôn (20) and Pegu (18). The work of the District Court of Pegu was generally unsatisfactory in all branches, and that of the District Court of Pyapôn has been the subject of unfavourable comment in each of the last two annual reports. It is quite clear that the Judges and Additional Judges of the District Courts of these two districts must pay far closer attention to their civil work. The pending files of appeals increased considerably in the District Courts of Pegu, from 31 to 58, Pyapôn, from 37 to 47, and Henzada, from 23 to 34. The District Judge of Magwe is to be congratulated on reducing the number of appeals pending in his Court from 43 to 1. In the Insein District Court only 2 appeals were pending at the end of the year, in Kyaukpyu 3, in Akyab 11, and in Thatôn 14. The figures of these Courts are satisfactory.

The average duration of appeals was still further reduced from 66 to 57 days. The average duration of contested appeals was 66 days and of uncontested appeals 27 days. The District Court of Meiktila had an average duration of only 11 days for 34 contested appeals, and Yamèthin 31 days for 139 contested appeals. These figures reflect credit on the District Judges concerned. The average durations of appeals generally were excessive in the Myaungmya District Court, namely 107 days for contested appeals and 62 days for uncontested appeals. The high duration of appeals in the Myaungmya district is said to have been due to the illness of the Additional Judge, who does most of the appellate work, but it is noticeable that the duration of appeals in the Myaungmya district was excessive last year. The only other district where the average duration of uncontested appeals was over 50 days was Tavoy.

The durations of contested appeals were excessive in Magwe (95), Shwebo (89), Kyauksè (85), Hanthawaddy (84) and Ma-ubin (83). There were very great improvements in the durations in the Prome and Myingyan districts and the districts of the Arakan Division, which were mentioned for high durations in last year's report. In Pyapôn the duration of contested appeals was reduced from 150 to 78 days.

Imperial Statement No. 31 and Provincial Statement I.

23. **Results of Appeals.**—Of the 3,670 appeals disposed of, 633 were dismissed summarily under Order XLI, Rule 11, of the Code of Civil Procedure, 111 were dismissed for default or want of prosecution, in 1,499 cases the decisions of the lower Courts were confirmed after hearing, in 297 cases they were modified, and in 968 cases they were reversed. The percentage of appeals in which the decisions of the lower Courts were confirmed was a little over 61 per cent., which is practically the same as last year. In the Sandoway district only 3 out of 63 appeals were summarily dismissed, in the Kyaukpyu district only 9 out of 91, in Bassein 9 out of 203, in Pyapôn 5 out of 113, and in Thatôn 5 out of 153. It is evident that in these districts the Judges did not examine appeals with sufficient care before admitting them, but in all other districts sufficient use was made of the provisions of Order XLI, Rule 11. In the Mandalay district 50 out of 139 appeals were disposed of in this way, in Amherst 50 out of 202, in Yamèthin 42 out of 184, in Meiktila 35 out of 69, and in Henzada 40 out of 216. It is noticed in proceedings which come before this Court on second appeal that in some districts formal decrees are still not being drawn up and signed in appeals which are dismissed summarily.

Imperial Statement No. 32 and Provincial Statement J.

24. **Miscellaneous Appeals.**—The number of miscellaneous appeals instituted in District Courts during the year increased from 430 to 476. This increase of miscellaneous appeals is somewhat surprising in view of the considerable reduction of regular appeals. The total number for disposal was 503, and of these 459 were decided, leaving a pending file of 44 at the close of the year, as against 28 in the previous year. The average duration of these appeals was still further reduced from 48 to 44 days. The average duration of contested miscellaneous appeals was 58 days and of uncontested 26 days. The durations of such contested appeals were most excessive in the Pyapôn (120), Mandalay (119), Pegu (88) and Shwebo (88) districts. The average durations of uncontested miscellaneous appeals were over 50 days in the District Courts of Myitkyina (90), Myaungmya (86), Pyapôn (60), and Bhamo (53). Most of the miscellaneous appeals are of an extremely simple character and there can be no excuse for these very excessive durations. Of the appeals decided, 128 were dismissed summarily under Order 41, Rule 11, 39 were dismissed for default or want of prosecution and 118 were

rejected after hearing. The orders of the original Courts were upheld in 285 cases, or 62 per cent., which is a slight increase on the percentage of confirmation of the previous year.

VI.—MISCELLANEOUS.

Imperial Statement No. 26.

25. **Receipts and Charges of the Courts.**—The total receipts for the Courts of the Province increased still further by 4 lakhs to Rs. 52,46,357, and at the same time the total charges of the Courts increased by over 12½ lakhs to Rs. 89,45,215. These figures include the receipts and charges of all classes of Courts, Civil, Criminal and Revenue. The figures of expenditure include expenditure of over 21 lakhs by the Public Works Department on original works. The increase of receipts is no doubt mainly due to the increased charges for process-fees. The figures for expenditure are swollen mainly by the heavy expenditure during the year on the new Rangoon Courts.

26. **Buildings.**—The construction of the Court Houses at Taikkyi (Insein district), Kungyangon (Hanthawaddy district), Paukkaung (Prome district), Kyaunggon (Bassein district), Moulmein (Amherst district), Pa-an (Thatôn district), Akyab, Buthidaung, Minbya and Maungdaw (Akyab district), Katha, Myitkyina, Sumpra Bum and Fort Hertz (Myitkyina district), and Yenangyaung and Magwe (Magwe district), were completed during the year under report. The Court Houses mentioned in last year's report as being under construction were completed during the year, with the exception of the new Courts at Rangoon and the Court Houses at Zigôn (Tharrawaddy district), Thabaung and Yegyi (Bassein district), Tavoy, and Sagu (Minbu district). The urgently needed Court Houses at Meiktila and Toungoo still remain unfunded. A new Court House for Judicial Officers at Mergui, which has been under consideration since 1924, is becoming urgent. Administrative sanction has recently been obtained to the construction of a new Court House at Mandalay, and further projects which are now under consideration are the construction of Court Houses for Judicial Officers at Myaungmya and Pyapôn.

27. **Inspections.**—During the Vacation of 1928, the Hon'ble the Officiating Chief Justice inspected Courts in the Meiktila and Shwebo districts, the Hon'ble Mr. Justice Carr inspected Courts in the Prome and Thayetmyo districts, and the Hon'ble Mr. Justice Maung Ba inspected Courts in the Thatôn, Amherst and Hanthawaddy districts.

During the year 1928, District Judges inspected 133 Township Courts, 44 Subdivisional Courts, 20 Judicial Record-rooms and 65 Bailiffs' offices. Twenty-one District Judges inspected their own Courts.

The increase in the amount of inspection done is gratifying, but it is regrettable that the District Judges of Hanthawaddy, Pegu, Bassein, Ma-ubin, Pyapôn, Toungoo, Minbu, Lower Chindwin, Shwebo, Katha, Mandalay, Kyauksè and Bhamo did not inspect their own Courts. In the Magwe, Shwebo, Mandalay, Kyauksè and Upper Chindwin districts the important duty of inspecting the District Bailiff's office was not performed. It is to be hoped that the District Judges concerned will not neglect this duty during the current year. The amount of inspection work performed was adequate in most districts. The District Judges of Hanthawaddy, Bassein, Pyapôn and Shwebo did not inspect their Subdivisional Courts.

28. **Legal Practitioners.**—During the year 1928, 1,031 third grade pleaders, 15 second grade pleaders, and 37 Advocates were admitted. One lady, Miss C. R. Dantra, was admitted as an Advocate, and five ladies were admitted as third grade pleaders.

Admission of third grade pleaders was finally closed on the 17th September, and there will be no further admissions to this grade. At the same time the designations of pleaders were changed to Higher grade and Lower grade, corresponding respectively to the old second and third grades. At the end of the year there were in actual practice 2,361 Lower grade pleaders, 643 Higher grade pleaders, and 446 Advocates.

As Lower grade pleaders are not now being admitted, this grade will gradually come to an end by efflux of time, and the desideratum of one grade of Advocates of the High Court and one grade of Pleaders of subordinate Courts will be attained, but seeing that there are now over 2,000 Lower grade pleaders in actual practice the process of elimination will be very slow.

The Indian Bar Councils Act was brought into force in Burma with effect from the 1st January 1929, and the first Bar Council of this High Court was elected soon after the close of the year under report. Although the necessary preparations and framing of rules for the introduction of this far-reaching change in the control of the Legal profession were undertaken in the year under report, the Bar Council did not come into existence until after the close of the year, and further comment on this important subject is reserved until the next annual report.

29. **General.**—It is gratifying to be able to report that, in contradistinction to the previous year, only two minor embezzlements in judicial offices were reported during the year. The supervision exercised by presiding officers over the ministerial establishments of their Courts has in general been far more effective, and this is particularly the case in regard to the work of Bailiffs. Superintending Officers have, with few exceptions, performed their functions satisfactorily and

District Judges have been much more assiduous in keeping the Superintending Officers up to their duties. There have unfortunately been some cases of fires in Court Houses, in which incendiarism for the purpose of covering up malpractices has been suspected. On the whole the Hon'ble Judges are well satisfied with the work of the subordinate Civil Courts during the year under report, and it is plain that the Civil Judicial Administration of the Province is improving year by year.

By order,

H. F. DUNKLEY,
Registrar.

JUDICATURE AT RANGOON :
